The Rising Stars teams will be an advanced choreography class where multiple routines will be taught to students throughout the year and showcased at various competitions. We are so thrilled to be offering the students a whole new experience and we can not wait to see our dancers blossom.

Rising stars will consist of 2 teams

- A team (ages 10+)
- B team (ages 8-10)

To give our Rising Stars the best opportunity at showcasing their strengths, Rising Stars classes will be by invitation or audition only. Students participating in these classes must have been dancing for a minimum of two years.

Rising Stars is also a privilege and not a substitution for their regular technical based classes. We believe that in order to produce good performers and competitors the student's need to work towards improving their technique. for this reason, anyone wanting to participate in Rising Stars must do a minimum of Jazz and Ballet.

## TERMS AND CONDITIONS

1. Rising Stars A and B are elite competition and performance teams. Individuals are invited or will audition to become a rising Star member. 2. Students participating in Rising Stars understand that the class is an added on privilege and it is not a substitute for their core technical classes. 3. Students participating in Rising Stars must have been dancing for a minimum of two years AND be enrolled in Ballet and Jazz for the duration of their time in the team. This is to ensure the students are learning proper technique and to encourage professional, dedicated and passionate dancers. 4. Parents and Guardians understand that Rising Stars will be required to attend competitions and events outside of studio hours and commit to these responsibilities. 5. If a student wishes to withdraw from the team within the year there will be a \$200 cancellation fee. This is to promote teamwork and unity within the studio and ensure the students understands what it means to work in collaboration. Equally as this is a competition and performance class, multiple routines will be choreographed with a specific number of students in mind. The student may not drop out of Rising Stars unless the year is over to avoid having to withdraw the team from competitions and re-choreographing numbers. 6. The dancers must be able to attend the DDS showcases as they will typically either open or close the shows. 7. Children that participate in Rising Stars will incur extra costs to cover competition registration fees and costumes.
